

**Job Title:** Cost Accountant

**Position Location:** Intematix Corporate Headquarters, Fremont, Ca

**Reports to:** Assistant Controller

**General Purpose/Objectives:**

The position develops and implements cost accounting procedures and methodologies, monitors inventory transactions, and ensures COGS is recognized according to GAAP.

**Essential Duties and Responsibilities:**

- Serves as key contact for the year-end external audit, including preparation of schedules, and analysis of accounts and variances to assist in the audit process.
- Provides timely reporting to Operations and Product Development including direct labor, raw material usage variance and overhead absorption.
- Compiles product costs including direct labor, raw materials, and overhead on a quarterly basis
- Leads the standard cost sign off process and updates AX standard cost
- Reports monthly on variances from standard for all cost components
- Works with FP&A to develop cost modeling.
- Assists in the development of product costing for products manufactured worldwide

**Required Qualifications:**

- Accounting degree from accredited institution of higher education
- At least 8+ years of relevant experience with international manufacturing exposure
- Strong hands on cost accounting experience with a mid to large enterprise accounting system.
- Effective oral and written communication skills
- Experience with Microsoft Dynamics AX a plus
